Wings and Wishes At Wings and Wishes we are dedicated to transporting critically and chronically ill children to receive the lifesaving specialist medical care that they require. Our objective is to provide transport for children, who are deemed financially less fortunate, to receive life-saving and/or specialised medical treatment which they require – anywhere in Africa. We provide compassionate and professional assistance to these children and their families, ensuring they have immediate access to the essential medical services which they need, and which are not available to them at a local level. Our aim is to reduce premature and preventable child mortality rates, by facilitating access to specialised medical care, for those children who are critically in need of such treatment

For the folks who would to support this very worthy cause go to www.wingsandwishes.org

Charity Box. Please bring any old denims for the SOS Children's Village creative project and any used clothes for the SANTA TB patient's charity.

LAST WORDS:

The more that you read, the more things you will know.
The more that you learn, the more places you will go.
Learning is not a race for information; it's a walk of discovery.
Develop a passion for learning if you do, you'll never cease to grow.
From the E-Learning station at NP Spar.

See you at the Outings & the Meeting.
God Bless.
Lynda
