LAST WORDS.

Then, One Day, It Clicks. Morgan Richard Olivier.

The pain you had turns into peace as you accept that everything had to happen exactly as it did for you to be exactly who you are now.

You hold no blame, bitterness or resentment toward the experience, person or yourself.

Instead, you see it as the catalyst that led to your change and development.

The very storm that shook so much in you also worked to clear your path.

See you at the Outings & the Meeting.
God Bless. Lynda
